Beale AFB Perimeter Security Fence.....	\$1,035,739
Bureau of Reclamation Turnout & Kiosk Installation.....	\$424,315
Bureau of Reclamation Maidu Paving.....	\$471,644

## DIFFERENTIATORS

Over 24 years in the site work/construction industry. Our company originated performing site work, excavation, and earth moving. Work has expanded into heavy civil construction projects: roads, mining & rock crushing (mobile), paving, concrete, levees, subdivision development, building pads, fencing, and fire response of which we self- perform 80% of the labor. We have experience working as a prime with USDA Forest Service, BOR, BLM, NPS, Federal Highway Administration, CA OSHPD, and the CA State Fire Marshall; and as a subcontractor with the Army Corps of Engineers. Our company strives to provide our employees with the tools and experience necessary to be competitive and industrious professionals at all levels.

**Please See Next Page for More Project Photos.**

### Lassen NPS Replace Failing Culverts \$642,715

Project included historic rock wall preservation.

Rock Crushing-Used Native Material for Backfill

Recycled Native Material to Reduce Import Cost

C-19 Culvert Before

C-19 After
